

Room Service Gets an 'Upgrade' at The Kimberly Hotel

Thursday, February 13, 2014

While many hotels are eliminating room service, The Kimberly Hotel - located in the heart of Manhattan - has announced its extension of their room service amenity to 24-hours daily. The new late-night menu will be offered from 11:00pm through 6:00am, consisting of a wide variety of snacks, sandwiches, salads, specialty plates and desserts - all perfect for a "late night" snack.

The 24-hour room service launch will be rolled out across the property starting today, and will include menu options such as Shrimp Cocktail, Crab Cakes, Buffalo Wings, an Artisan Cheese Plate and Fruit and Chicken Fingers - as starters. For health savvy guests, House Salads and Caesar Salads with chicken and/or shrimp are additional choices. Main dishes include a club sandwich, BLT sandwich, Kobe Beef Burger, Truffle Mac & Cheese and Penne a la Vodka. To complete the menu, savory and sweet plates consist of Devil's Chocolate Cake in a bed of Whipped Cream, and Seasonal Berries topped with Whipped Cream as well.

"Room service is a major component at our hotel and we're thrilled to be able to offer guests with the option of a late night snack," said Mujo Perezic, General Manager of The Kimberly Hotel. "We want to take the hassle out of finding a bite to eat - whether we have a guest checking in late in the evening or a guest that gets in late from a night out in NYC - we want to ease their stay, and by offering this new menu extension, we're doing just that."

The late night menu includes a variety of dishes with prices ranging from approximately \$9.00-\$17.00. Hotel reservations can be made by contacting reservations@kimberlyhotel.com
